

PREMIUM SOUND SYSTEM

Two exceptional speakers play your favorite sounds via a Bluetooth. Includes a volume rocker and on/off switch.

LED LIGHTING

Equipped with long lasting interior lights that are more cost effective and efficient than standard light bulbs.

DIGITAL CONTROL PANEL

Simple, easy-to-understand digital control panel allows you to control the temperature and duration for each session.

SOURCED FROM 100% CANADIAN HEMLOCK WOOD (FSC CERTIFIED)

Crafted with the finest FSC certified Canadian Hemlock Wood. No chemicals. No plywood. NEVER.

ADVANCED INFRARED CARBON FIBER HEATERS

Equipped with 6 superior carbon fiber heaters that are strategically placed to provide full-body coverage.

TEMPERED GLASS

With a high tolerance for heat, tempered glass was an obvious choice, providing great insulation and see-through visibility.

DUAL - WALL INSULATION

Along with amazing heat insulation, this design allows the inner walls to expand and contract while the outer walls remain stable, permitting your sauna to fit in tight spaces without worry.

T & G CONSTRUCTION

Tongue and groove design allows for stronger structural integrity and breathability for wood to naturally expand and contract during sessions.

Joyous Hemlock

1 PERSON

FEATURES

With pre-attached buckles on the panels that snap in place, only a screwdriver is needed, making assembly a breeze.

Easy to break down and to transport to other locations when necessary.
